MEMORANDUM FOR : Mr. Warner

Peter Karlow called to say that there was going to be a meeting at State on Friday, 15 June, 11 a.m., between Senators Fulbright, Hickenlooper, and Humphrey and top officials in the Department of State. The purpose is to create better understanding between the two groups. Karlow will attend and will make a report, sending us a copy. If you have any items that might be cranked in, give Peter a call, 182 x8125, but I think mainly our interest will be satisfied by his participation.
